### NOTICE OF MEETING

Date: April 12, 2005  
Time: 7:00 p.m. – 8:30 p.m.  
Location: Sacramento County Farm Bureau  
8970 Elk Grove Blvd.  
Elk Grove, CA 95624

#### TENTATIVE AGENDA

1. **WELCOME AND INTRODUCTIONS**
2. **ESTIMATE WARNING TIMES FOR THE WATERSHED**

As reflected in the warning plan for the Cosumnes River, the County had done some estimating of flood crest travel times from the Michigan Bar gage to Wilton and Hwy 99, but they have not looked at the times to peak from the upper gages. It was recommended that the Task Force ask the River Forecast Center to exercise their modeling tools to estimate warning times for the watershed. Does the task force want to formally request that this be done?
3. **LOWER COSUMNES AND MOKELUMNE RIVERS FLOOD PLAIN RESTORATION STUDY**

Robertson-Bryan Inc is looking for a focus group to address issues specific to the Cosumnes River. They would like to request that the CRTF take on that role.
4. **MEMORANDUM OF AGREEMENT FOR THE MANAGEMENT OF WATER AND ENVIRONMENTAL RESOURCES OF THE LOWER COSUMNES RIVER**
  - o Update
5. **IRRIGATED LANDS WAIVER**
  - o Latest developments
6. **DEVELOPMENT OF A COSUMNES RIVER WATERSHED COUNCIL**
  - o The first Council meeting will be on April 25<sup>th</sup>, 2:30-4:30, Rancho Murieta CSD
7. **ADJOURN – NEXT MEETING TBA**
